

RELAX. IT'S AN **AMANA** BRAND.

R-32 MODELS

Split System Heat Pumps

Enjoy year-round indoor comfort with Amana brand heat pumps. These units provide both cooling and heating comfort from a single system. High-efficiency heat pumps can lower the cost of keeping a home completely comfortable all year compared to lower SEER2/HSPF2 units. The Amana brand offers a full line of heat pump systems, so you are certain to find the perfect system to fit any budget. For the greatest energy-efficiency savings, select a heat pump system with the highest SEER2 and HSPF2 ratings.

^{*} Complete warranty available from your local dealer or at www.amana-hac.com. To receive the 10-Year Parts Limited Warranty and/or 10-Year Unit Replacement Limited Warranty (good for as long as you own your home), online registration must be completed within 60 days of installation. Online registration is not required in California, Florida, or Québec. The duration of warranty coverages in Texas and Florida differs in some cases. Changes in law, regulations, or technology may result in an equivalent unit not being available. Other limitations and exclusions apply, refer to complete warranty details for full list of limitations and exclusions, as well as rights and obligations should an equivalent unit not be available.

[†] One-time Unit Replacement coverage and One-time Compressor Replacement coverage is available to the original homeowner for years 11-99 after the installation date through an ASURE Extended Service Plan. Complete details about the Extended Service Plan options available from your ASURE dealer.

[‡] Supplied with filter drier loose and requires field installation by contractor.

^{**} Proper sizing and installation of equipment is critical to achieve optimal performance. Split system air conditioners and heat pumps must be matched with appropriate coil components to meet **ENERGY STAR**® criteria. Ask your contractor for details or visit www.energystar.gov. Products that are recognized as the Most Efficient of **ENERGY STAR**® in 2025 prevent greenhouse gas emissions by meeting rigorous energy efficiency performance levels set by the U.S. Environmental Protection Agency.

¹ Products that are recognized as the Most Efficient of **ENERGY STAR**® in 2025 prevent greenhouse gas emissions by meeting rigorous energy efficiency performance levels set by the U.S. Environmental Protection Agency. Select combinations are recognized as the Most Efficient of **ENERGY STAR**® in 2025. Visit the following website for more information: www.energystar.gov/products/most_efficient.
